

Electrical Insulated Mat Overview

- AS/NZS 2978:1995
- Working voltage 650V
- High quality dielectric rubber
- Regulatory mark clearly indicating the mats compliance.
- Individual mat compliance tag as per AS/NZS 2978:1995.
- Suitable for Indoor and outdoor applications
- Increased thickness to 6.5mm for harder wearing.
- Size 1000x1000mm
- X-Cross technology surface.
- Weight 11kg

Features

-
